# Make David Shepherd Wildlife Foundation your school's Charity of the Year

If you and your school are thinking about your Charity of the Year nomination for the next academic year, we would love you to consider choosing **David Shepherd Wildlife Foundation (DSWF)**.

**DSWF** is a wildlife conservation charity which raises vital funds to protect endangered species across Africa and Asia.

We support projects which fight wildlife crime, engage local communities, educate young people and protect endangered species such as tigers, elephants, rhinos, pangolins, wild dogs, chimpanzees, snow leopards and lions.

We believe that children and young people play a vital role in making sure these incredible animals have a future. We want to inspire you and help you find ways to learn about conservation, the natural world and the difference you can make.

Every penny you raise through your Charity of the Year activities will help support amazing projects which protect some of the world's most vulnerable animals.
